# No Single Bulb Over Fifteen Cents

MAIR ORIGINATIONS are consistent prize winners in England and on the Continent. This year I am offering fifty varieties not listed before. Many of these are MAIR varieties, offered at a fraction of the price asked by many growers. In general, MAIR varieties are strong growers with a large number of flowers open. Throat markings, as a rule, show strong contrast.

**HINEMOA** (Doney) An exceptional variety from New Zealand. Color smoky rose with deeper markings throughout the petals. Throat marking is an opaque yellow as though painted on. It is an excellent cut flower and will cause people to ask if it is artificial. Large size and a good propagator. See list for price.

**MRS. T. RATTRAY** (Rattray) An Australian variety that opens a very large number of flowers. Has been shown with 19 florets open. Color rosy pink shading to lavender. Throat is lighter color. Vigorous plant but is usually described as a poor propagator. My strain is coming on fine, hence the very reasonable price at which we offer it.
